

Packing list: 13 Day Overnight

What you should pack:

****We recommend these items are packed in one duffle bag****

If you do not have any of these items on this list, please contact us and we may be able to lend or rent the items. If your child shows up with improper equipment and you have not made prior arrangements with us, you may need to pickup your child or pay a rental fee.

Item	Quantity	Helpful information
Rain cover	1	A fully waterproof, seam-sealed rain cover that covers the entire backpack. In addition, consider bringing a pack liner or ultralight dry sack.
Backpack	1	A proper hiking backpack that has a rigid internal frame, padded hip-straps, rated to carry at least 30 lbs and has a 50-80L capacity. Please remember to ensure this backpack actually fits before the program begins.
Hiking boots	1 pair	Not required but highly recommended. Need to be above the ankle bone, also known as high-top hiking boots. If you are buying hiking boots for this program, please make sure to wear them hiking for a few days before the program as they will need to be broken in.
Sleeping bag	1	Down or synthetic sleeping bags are best but other options will work. The bag must be rated to at least -5 C, the ideal range is -5 C to -12 C. Needs to be compact.
Sleeping pad	1	If inflatable, please check that your mat has no leaks before packing it. Participants can also use foam camping mats. Needs to be compact.
Sleeping pad stuff sack	1	All inflatable sleeping pads must be stored in stuff sacks and cannot be loose. This makes them easier to pack and protects them from being punctured.
Pillow	1	Any old pillow will do but a camp pillow would be nice for the campout.
Water bottle	1	A 1L hard water bottle such as a Nalgene is essential.
Hydration system (optional)	1	Hydration systems are nice to have but a water bottle is more than adequate.
Headlamp	1	Flashlights are ok in a pinch but we highly recommend a water-resistant headlamp.

Packing list: 13 Day Overnight

Extra batteries for headlamp	1 set	1 complete set of extra batteries for the headlamp. We recommend using energizer lithium batteries as they last far longer, work better in colder temperatures and have significantly less mass. We also recommend storing them in a small waterproof drybag or Ziploc.
Camera (optional)	1	It is recommended to have an extra battery.
Waterproof camera case (optional)	1	We recommend a Pelican case.
Watch	1	Waterproof recommended
Camping bowl	1	
Camping spoon	1	
Camping fork	1	
Camping knife	1	
Camping plate	1	
Camping cup	1	
Mesh bag	1	To fit all camping dishes

****Please contact us if you have any questions! ****

****We highly recommend that all gear is tested before the program begins. ****

Trip Clothing **Absolutely no cotton******

Packing list: 13 Day Overnight

Insurance:

We recommend you purchase evacuation insurance for the hiking portion of the program. While our programs are incredibly safe, unexpected evacuation fees can be extremely costly, even for a sprained ankle.

Please do not bring:

- Food
- Electronics (other than those listed)
- Money
- Tobacco, alcohol, etc.
- Expensive/luxury clothing
- Hatchets
- Jewelry and other valuables

A note on cotton

Cotton is not ideal for any outdoor environment. When cotton absorbs moisture, it gets heavy and no longer insulates, instead it draws heat away from the body. Other fibers such as wool and synthetics don't get as heavy and still have some insulating ability when wet.
